Experience

FREELANCE DEVELOPER & DESIGNER 2017 - PRESENT

Developed evolve-app.co, platform for feedback and collaboration, working as a full-stack dev (React, Redux, NodeJS, MongoDB, AWS).

Worked as front-end developer, focused on implementing pixel-perfect design for react components, while adding smooth animations and UI transitions.

Worked as designer on projects collaborating closely with developers, PO's and clients within weekly sprint cycles.

VISUAL DESIGNER - ETON DIGITAL 2014 - 2017

Designed websites, web apps and social media platforms. Clients included: Nissan, The Marque, Ricoh, Sociable Data

Worked on branding.

FREELANCE DEVELOPER & DESIGNER 2011 - 2014

Worked closely with clients on small branding projects both print and digital.

Worked on websites with CMS (Wordpress, Zen Cart), front-end (CSS, HTML, jQuery).
